EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Gary Mohr on May 19, 2004.

The application has been amended as follows:

Cancel claims 19-21;

Claim 13, line 12, "said gal lumen" has been changed to --said gas lumen--;

Claim 15, line 2, "a gas lumen insert, said catheter" has been changed to --a gas lumen insert of half circle or crescent shape, said catheter--;

Claim 16, lines 2-3, "a gas lumen insert, said inner tube" has been changed to --a gas lumen insert of half circle or crescent shape, said inner tube--;

Claim 33, line 2, "a balloon membrane, an inner tube, a tip" has been changed to --a balloon membrane, a tip--.

The following is an examiner's statement of reasons for allowance: Regarding claims 15, 16, 32 and 33, the prior art fails to disclose or suggest all of the limitations of the claims including, "a gas lumen insert of half circle or crescent shape ... [and] the gas lumen insert comprising a removable elongated body." The prior art fails to disclose or suggest all of the limitations of claims 13, 24, 25 and 27-29 including, "said coil being disposed in the extracorporeal tube ..."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
